# COMMISSION ART

PROCESS & PRICING GUIDE 2023

# ART THAT TELLS MY STORY. AND YOURS.

Sarah Louise Smith, born 8th February 1981 is a Yorkshire born artist known for her autobiographical, fluid abstract artwork. Sarah's artwork tells the stories which she has experienced in life & love.

Sarah studied at Leeds college of Art & Design in 1999 and graduated with an exhibition at Leeds university. In 2000, she commenced with a strong and successful career in advertising which led to starting her own marketing business in 2015. Continuing to paint in every spare moment she had, Sarah soon realised her calling was to be an artist, becoming a professional full-time artist in 2017.

Pouring her every emotion into each and every piece, Sarah sees the creation of art as a form of therapy and way of expressing the waves of emotions experienced in the journey of life.

# THE COMMISSION PROCESS

## **IDEAS**

You can view Sarah's Instagram for inspiration, or provide an interior mood board that we will work with. It's useful to share photos of the room where the artwork will be placed.

## **SPECIFICATION**

We will have a discovery conversation to achieve the right feeling and story for the piece. Next, we agree on the design, size, price and time-frame. Paintings normally take between 1 - 4 weeks to complete.

## **PAYMENT**

Full payment is made before Sarah starts work; with guarantee that the painting commences within 24 hours of payment. Klarna is available to split payments into 3.

## **THE COMMISSION PROCESS**

Sarah will send you regular in progress videos and photos via WhatsApp - some may appear on her Instagram page @SarahLou.Artist

## **APPROVAL**

Final videos and images of the artwork are sent to you for approval. Small edits can be undertaken at this stage. Once approved, Sarah will seal and varnish the piece.

## **DELIVERY**

The canvas will be wrapped in secure bubble wrap and thick cardboard sheets, before being boxed & sent via insured courier service, door to door.
